We are on the web!
www.swfpsa.org

I want to thank those that were able to attend our last law enforcement graduation. It was a record attendance and it makes our students and staff feel good that you are there to support them.

Our first Emergency Medical Technician recruit class (EMT) will be graduating on Friday, March 11th at the academy. The starting time will be 6:00pm, so please stop by to support those students. This is a 250 hour course and we are already full for the next class. During the next several months the Academy has agreed and accepted to training each Lee County School District's Security Specialist. The purpose is to have uniformity between each school and to have a better understanding of their responsibilities especially while working with the School Resource Officers.

Thank you again and if you have any questions, please do not hesitate to let us know.

LAW ENFORCEMENT

The 141st LE class will be finishing **Defensive Tactics, Interactions in a Diverse Community** and **Interviewing and Report Writing** this month. So far the Instructors have been very impressed with this class. They assisted the Cape Coral Police Department with a Grid Search at the end of February and everyone felt that it was a good learning experience.

The 73rd CO to LE class started on February 22nd and will be working on **Overview of Law Enforcement, Interactions in Crisis Situations** and **Reporting Procedures** this month. They are 21 strong and represent six agencies.

The 142nd LE class starts on March 21st and will have approximately 25 students.

Everything on the Law Enforcement side is looking very good. On any given day there will be as many as 90 LE students on campus.

As always, stop by when you have the opportunity and tour our campus. I think that you will be impressed with our students and faculty.

CORRECTIONS

FIRE ACADEMY

Fire Academy recruit class 1601 continues to progress into more practical fire ground evolutions. They are advancing quickly and are making good progress.

High school fire class 1516 is continuing on their journey. They have recently completed CPR, fire control and forcible entry training
