If you want to serve your community as a first responder, the Southwest Florida Public Service Academy is a place to consider receiving the training. The academy is comprised of four basic recruit training courses. The academy's main campus sits on 20 acres and has 13 buildings. There is also 7 satellite sites that are under the authority of the academy where training is conducted with our area law enforcement agencies and basic recruit classes throughout Southwest Florida.

As we prepare those students for a career in public safety, it is our goal to ensure each student receives the best training available and is successful in finding a career in their field of study.

At the Southwest Florida Public Service Academy, we are proud to serve each of our public safety partners and provide the training needed at the basic recruit level and the continuing advanced & specialized training needs.

Thank you again and if you have any questions, please do not hesitate to let us know.

The 74th CO to LE full-time Crossover class have finished **Introduction to Law Enforcement** and **Legal** and by the end of the month will have completed **Interactions in a Diverse Community, Interviewing and Report Writing** and **Fundamentals of Patrol**.

The 75th CO to LE Crossover class is scheduled to start on September 12th and there are still seats left in that class.

Everything on the Law Enforcement side is looking very good. On any given day there will be as many as 95 LE students on campus.

As always, stop by when you have the opportunity and tour our campus. I think that you will be impressed with our students and faculty.
